

2010 Red Clay Clean-up  
Thamar. S  
Troop Historian

At this year's Red Clay Clean-up, on the twenty-seventh of March, Troop 22 sent about 24 scouts and adults. We found fifteen tires and a lot of trash. Afterwards we ate lunch at the laurels and prepared the Troop campsite for the upcoming April weekend. This service project is one of the best and is a good way to clean up the creek and community.
